

**THE  
SMART  
CULTIVATOR**  
AI Driven. Efficient. Sustainable.

# SMART POWERED HYDRAULICS

Our **SMART POWERED HYDRAULICS** option does not rely on the PTO shaft and pump connected to the tractor. The Smart Cultivator is powered using the on-board hydraulics of the tractor.

## THE BENEFITS OF SMART POWERED HYDRAULICS

- Fuel savings of 30%
- Less maintenance with PTO removed
- Better performance with increased filtration
- Reduced noise & overall RPMs
- Weight reduction of 300 lbs
- Lower operating temps
